About Organisers

Federation of Asian Biotech Associations (FABA)

The Federation of Asian Biotech Associations (FABA) is a non-profit organization established in 2004 for providing a platform for academy, industry, and government bodies. FABA has launched the FABA academy to bridge the gap between academy and industry in human resources development by providing professional development programs to science graduates (<https://biofaba.org.in/>).

Agri Biotech Foundation

Agri Biotech Foundation formerly (Andhra Pradesh- Netherlands Biotechnology Programme) is an autonomous interdisciplinary research institute engaged in promotion of agricultural biotechnologies and human resource development since 2007. The Foundation has been recognized as a Scientific and Industrial Research Organization (SIRO) by Department of Scientific and Industrial Research (DSIR), DST, New Delhi. ABF works closely with India & premier research organizations like ICAR, DST, DBT, CSIR, NABARD, etc. ABF focuses on Agri technology development and technology transfer, public engagement on technology policy issues and HRD activities.
